

**Participation in the STEM
Equity_ MN New Look Project
FY11**

Instructions: Refer to your FY10 application and describe how you will carry forward efforts to improve nontraditional performance through continued participation in the MN STEM Equity Pipeline_New Look Project. Key elements: FY11 activities; planning towards applying these strategies into your Perkins FY11 plan, any application to other programs of study if applicable; partnership with another consortium as peer mentor.

Your Consortium Team

Name of Consortium and participating schools:

Team Members (include **at least 2** people from each participating school/college):

Name	Title	Institution	Email Address

Project Leaders Information (those key persons who would be responsible for implementation and performance measurement)

Primary Contact:	Primary Contact for data collection:
Name:	Name:
Title:	Title:
Phone:	Phone:
Address:	Address:
Email:	Email:

Your Focus

The intent of Year Two of this initiative is to support program and student success in your chosen program of study. How do you intend to apply the strategies and tools that you have acquired to improve nontraditional performance in FY2010-11? Include any initiatives, strategies that you propose to pilot/implement for this next year.

Support for participating in this initiative is also based on providing peer mentoring to another consortium that is challenged with meeting nontraditional performance. What consortium do you propose to provide peer leadership during Fy2010 – 2011 and what factors weighed upon your selection?

Your Involvement with Gender Equity and Special Populations

In a paragraph, briefly describe the successes and lessons learned based on the pilot activities that you had implemented during FY2010. Provide [overview of] outcomes and data to illustrate the effectiveness of the program, particularly any impact on students' perceptions or participation in a nontraditional CTE program or activity. (Also consider what you have learned through self-study and the root causes exercise that have been beneficial to your efforts.)

In a paragraph, describe at least one specific challenge and a desired goal for your consortium that you hope your involvement in this project will help address. Include any technical assistance that you might need.

~~APPLICATIONS MUST BE SUBMITTED ELECTRONICALLY TO~~ [HTTPS://SITES.GOOGLE.COM/A/SO.MNSCU.EDU/EQUITY/](https://sites.google.com/a/so.mnscu.edu/equity/)

Questions can be directed to <mailto:eva.scates-winston@so.mnscu.edu> OR al.hauge@state.mn.us

- For consideration, applicants must follow the form provided and complete the budget worksheet.
- **Grant award** maximum: \$1,500 -\$2,000 each Project timeline: Spring 2011
- **Deadline** for proposal submission: October 22, 2010
- **Notification by:** November 3, 2010
- **Reporting requirements:** Final report due June 20, 2011
- Additional resources, can be found on the MN New Look website www.icsps.ilstu.edu/mn/newlook or the STEM Equity Pipeline website: <http://stemequitypipeline.org/>
- Only Minnesota Perkins Consortia are eligible applicants.
- To gain the most value and assistance from this program, it is strongly recommended that applicants participate in the Fall 2010 Mentor_Liaison training and the Equity Showcase Symposium in Spring 2011. Other workshops will be offered during the year to provide additional technical assistance. Please participate where possible.

Section 1: Project Overview
